Think It Over An Editorial

Is there a single well-known student of political science who will say that Mr. Aberhart's proposals are feasible or wise?

Does anyone seriously believe that we can draw a ring around Alberta and exist as an economic unit? Can we have, in this province, an economic system, different in a fundamental way from that which exists in Canada as a whole?

When bitter political foes, ranging from Tories to Communists, agree that the Aberhart brand of Social Credit is pure delusion, surely it is time for those who are blindly following the lead of Mr. Aberhart to take sober stock of their position.

No basic fundamental change in our economic system can be made by any province; to Ottawa we must go, if we are determined that the present monetary and financial systems stand in the way of our well-being.

The Liberal party is pledged to take the control of our monetary system out of the hands of those who have abused their trust. It stands for public ownership of the Bank of Canada? It will make money the servant and not the master of the people.

No one seriously doubts that a Liberal landslide is due on October 14th and few serious observers underestimate the obstacles ahead of the victorious party. Mr. Bennett has packed the Senate with Tory "die-hards." In tightest alliance with them, will be found every reactionary individual and group in Canada—all implacable foes to those constitutional changes which mean the end of their domination.

Even this powerful opposition can be overcome, if Canada is solidly Liberal. If it is, it is likely that the Imperial Parliament will deny the King Government the right to amend the B.N.A. Act so that the way will be opened for a complete overhaul.

Only Alberta is out of the Liberal column. Under these circumstances, can Alberta afford not to vote Liberal on Thursday.

Farmer Eddie Shore Speaks To Farmers In Farmer Language

Present Election is Vital One For Men of Agriculture, Says Star Ace of Hockey —Pleads Youths' Cause

Speaking as an Alberta farmer to Alberta farmers, Eddie Shore, star ace and defending champion of the famous Keweenaw Cup, and himself a successful farmer in the Edmonton district, has taken to politics with all the ease and aplomb he displays on the ice. But Shore says that it is because he feels so keenly that the present election is so vital to the future of Alberta that he is campaigning for the Alberta Liberal party.

Avin Karplus Threatens to Take Head of "C" Men As Trophy

WASHINGTON, Aug. 20.—A terror on the hills of Edgar Allan Poe's "The Raven" has been reported to experts at the department of justice today that search for the man's new centre at Dayton, Ohio.

WASHINGTON, Aug. 20.—Avin Karplus, ranked public enemy No. 1, has threatened the life of President Franklin D. Roosevelt.

Newspapers were told at the start of the day that the threat was contained in a letter to Hoover from Ohio about a month ago.

Hoover himself declined to say anything on the subject.

Hoover has been silent since the \$200,000 kidnapping of Edward G. Bremer, St. Paul, in January, and has not spoken publicly since he escaped from a trap in an Atlantic City hotel early last winter.

Woman's Hair Turns White In Bridge Crash

STOCKPORT, Ont., Aug. 20.—Shocked severally following an automobile accident on the Elbowick bridge in the Toronto suburb last night, Mrs. John W. McLean, 35, who had found her dark hair had suddenly turned white.

The still stunned passenger in an eastbound bus which crashed into one of the concrete pillars supporting the fence was several hundred feet from the scene of the accident.

This morning the bus, which had been guided by the ill-fated motorist, was still up in flames at Lower Clarence.

Resident of Charnley saved the woman from the burning vehicle and took her to hospital with leg injuries.

MANHATTAN, Aug. 20.—The first Olympic electric boat race in history was held yesterday.

"As far as I am concerned, the farmers have been neglected," he said. "As far as a farmer who has been born and raised in the Liberal party, I am not seeking votes in Alberta or Canada. I am seeking votes for the Liberal leader and the Liberal party is what we need to get back into power."

Shore, a young and vigorous spokesman, stressed the importance of the young of Canada.

On Monday night, pitch-hitting for W. R. Howson, Eddie Shore told the story of his own personal fight.

He told why he believes in the Liberal leader and the policies of the party, and why he wants to see the cabinet to adopt the policy of economic and financial assistance to the League of Nations members against Italy if that nation attacks Ethiopia.

"This is the first election in which I have been interested in my interest and because my life work is farming. I desire tonight to speak to you in the same manner as the play goes. Straightly, decisively, and pointedly.

And the young and vigorous spokesman, who has been the pride of not only Alberta but all Canada.

From Eddie Shore and other prominent plant workers, coal miners and road camp crews chartered their own big buses to attend the meeting, and a full ten-piece orchestra litening enlivened things, and the candidacy of Dr. D. C. Abbott, the Liberal candidate, took the town by storm. The candidate is a young and vigorous spokesman, who has been the pride of Alberta mining. His popularity in that town is equally apparent by the cheering he received.

CAMPAGN WIND-UP

This meeting ended six weeks of rapid and exhausting travelling for Mr. Aberhart, who had attended ten meetings each week in all Alberta ridings to support local candidates, and to encourage the B.C. Banff meeting he entreated for Ed蒙特利尔, where tonight he winds up the campaign.

\$180,000 GEMS ARE MISSING

GARRONA, Spain, Aug. 20.—A misadventure statement she had written to a school friend in England, telling him she had lost a diamond ring, was the cause of the disappearance of Prince Alexis Mavrikos and Baroness Karlsson.

The prince, seriously injured, today died in Madrid, while tonight the jeweler who had lost the ring was still missing.

The Baroness, it was understood, carried the jewels with her when she entered Spain. On July 29, 1934, after a gun shot, she accompanied the family of Jose Maria Sert to Barcelona to undergo a bilateral blepharoplasty.

Farmers were counting heavy losses as crops wilted and orchards began to drop fruit.

A weekend death toll of eight in the three provinces was swelled to 12 as three more drawings were reported, while 100 more were prevent trouble. I have met the attorney-general's request by instructing the police to supply him the necessary men.

MRS. LOVE IN SUPPORT OF DR. MORRISH

Liberal Candidate's Plan Of State Medicine Should Get Backing

Speaking on behalf of Dr. Walter Morris, Liberal candidate at the Ross Flats Mission hall on Monday night, Mrs. Love, wife of Dr. B. L. Love, made a strong appeal for support of the candidate's advocacy of state medicine as the best available.

Addressing herself particularly to the mothers, who she said, were the persons who suffered most, whether in the home or in the community, Mrs. Love pointed out what it would mean to them and the happiness involved in knowing that their love one could receive the best medical care available without having to consider the financial cost.

SPLENDID WORK

Mrs. Love testified to her personal knowledge of the splendid work done by Dr. Morris in charge of the medical mission at Smoky Lake, Alberta.

"The people there are in education, coupled with health services, and their development for the service and the benefit of people."

"He is very anxious that there shall be no legislation introduced into this province, for the commission appointed by the government to investigate the question, has proved its needs, and the doctor's own experience has convinced him that him what must be done for the people."

Pointing this out, she said: "There is one thing that the fight to be made against the spread of tuberculosis," said Mrs. Love, adding that the efforts of the doctors were used in the fight that tuberculosis could be wiped out in two decades.

SYSTEM RECOMMENDED

She alluded to the splendid system now in use in Saskatchewan, the results of which, she said, in disease which Dr. Morris was recommending for adoption in Alberta, and asserted that the benefits of this system do much to prevent the spread of the disease by regulating the contacts made with the public by patients.

Dr. Love said the scheme of reducing the number of contacts, application among the people, and Dr. Morris would like to see adopted in Alberta the benefits of the latest scientific developments in medicine so that tuberculosis could be wiped out in two decades.

ARMY & NAVY
DEPT. STORE**A New And Delicious Recipe For Peaches**

By MARY E. DAGUE

Now come the days I've been waiting for, full of roasting ears and peaches. I wonder if all the peaches in the food stores are anything as good as a sweet, juicy, rosy-cheeked peach that has been fully ripe.

There are so many ways to serve peaches that it's hard to know which. Should you have peach juice or cocktail? Should you have them as a first course, or should you have them as a dessert? Should you have them as a cake base, and bake or broil them? Who could tell me about the more?

Then about how peach pie is made, and how all the peach desserts, chilled and frozen, that you mustn't miss? It's a puzzle.

Broiled peaches with lamb chops make one forget the weather. Who could tell me about that?

BROILED PEACHES

Remove from fruit, ripen peaches. To do this let stand in basin, half filled with cold water, and cover with cold water. This makes the skin slip off easily. Cut the peaches in half, remove seeds, and cover with cold water.

For large ripe peaches, 2 packages cream cheese, 1/2 cup whipping cream, 1/2 cup mayonnaise, 1/2 cup sugar, 1/2 cup chopped nuts, and almonds.

In cream until firm and fold in mayonnaise, marshmallows cut in quarters, almonds, and cheese crumb. Mix well and chill. Add and press peach halves into mixture. Puree peaches, cut 1/2 halves and add to cream mixture. Add in French dressing while preparing the cheese mixture. Cut in squares. Serve with whipped cream. Eat with extra meringue.

PEACH FRITTERS

Four peaches, 1/2 cup sugar, 1 cup water, 1 orange, 1 lime, 1 small bottle gin, 1/2 cup flour, 1/2 cup sugar, 1/2 cup milk, 1/2 cup water, 1/2 cup melted butter, 1/2 cup light syrup with sugar and broil under flame until browned. Turn over and brown first side and then the other. Sprinkle with minced mint and add to cream mixture.

These peaches are delectable with baked ham served cold or cold.

A slice of peach pie with a scoop and served with broiled peaches.

PEACH ICE-BOX CAKE

One and one-half cups sweetened condensed milk, 1/2 cup sliced fresh peaches, 2 eggs white, 24 chocolate wafer cookies.

Add lemon juice to milk and stir until mixture thickens. Add 1/2 cup of cream and beat until stiff and fold into mixture.

Line a narrow oblong pan with waxed paper. Place a layer of the peach mixture. Add a layer of wafers, alternating in layers. Repeat until top is used. The last layer should be of wafers. Chill in refrigerator for 4 hours.

When ready to serve, carefully remove paper and turn out onto a chilled platter and garnish with whipped cream.

This cake is deliciously cold and can be served with broiled peaches.

This rule will serve eight persons.

Vital Information On How You Mark Your Ballot By Numbers Only

All Edmonton candidates will be listed as shown below, in the order given, on the ballot paper when you vote on Thursday, August 22.

No information is given as to what political party the candidate supports. Nothing but the name, address and calling of the twenty-seven candidates will be on the ballot.

It is important you decide the order in which you are going to mark your ballot before going to the polls to vote.

DO NOT USE AN X, IT WILL SPOIL YOUR BALLOT. Use figures only—the mark in the pollin booth—make no other markings—otherwise your ballot WILL NOT be counted!

The manner in which this list is marked with the figures 1 to 27 shows you how one may vote. This marked list gives Mr. Howson first choice and the other five Liberal candidates (large type) in the order they were nominated. Next the Labor candidates are favored, then the Conservatives with all others in the highest figures.

This is only a sample ballot. Each candidate requires sufficient first choices to keep him in the running.

LIBERALS ARE REFORM PARTY HEPBURN SAYS

Conservatives Party of Re-
action and Unsound
Business Ethics

RICHMOND HILL, Ont., Aug. 20.—Sir Alexander Hepburn, who was nominated to contest that constituency at a Liberal convention here last night, Mr. Mulock, a grandson of Chief Justice Sir John A. Macdonald, said he had been nominated by the death of Col. T. Herbert Lester.

PARTY OF REFORM

Premier Hepburn, addressing the convention, declared the Liberal party was the party of reform and not the party of reaction and unsound business ethics.

He said:

"I have no objection to the

name of the party, but I do object to the

policy of drift. We need definite

action along the proposed lines.

"We need markets, we need a

reduction of our taxation, we need

a reduction of our interest rates,

we need a reform of our monetary system."

He said:

"I believe that nothing except

getting rid of our political

leadership can bring about

the results we want."

ATTORNEY GENERAL LYMBURN ATTACKED ON PAST RECORD

Cannot Squirm From Under It Declares George H. Van Allen

Edmonton Liberal Candidate Charges Minister Has Failed His Edmonton Constituents.

Attorney General J. F. Lymburn cannot get away from his record of squirming, simply by calling people names, said G. H. Van Allen, K.C., when addressing a meeting at the Bennett school on Monday night.

"My answer to Mr. Lymburn's suggestion that I am a 'coward' is that I made of his record is 'irresponsible, what is this,'" continued the speaker.

"That Mr. Lymburn's record is found in the official journals of the legislature is proof of it," he said, from which I quoted, giving the date of each recorded vote, in my speech. "I have no desire to get away from that record or squirm from under it, merely by calling other names."

"He has not denied that for two years he voted to delay old age pension, to increase the cost of living, to increase of minimum wage, nor that he opposed your after voter measure to increase the cost of government, so as to provide more money for social services. He has not denied that he received there is all for to see. He has failed his Edmonton constituents. After nine years in the U.P.A. partnership, it is amazing, if not pitiful, that he himself The Citizens' Candidates.

SAVED LOCAL SYSTEM

"What was Mr. Lymburn's attitude when the Alberta government was faced with the Edmonton telephone system?" It is well known that the city council of Edmonton saved the local telephone system from being grabbed up by the U.P.A. government. The city council successfully saved the telephone system for its citizens, but so far as I know, Attorney General Lymburn never raised a finger to stop the attempt of Edmonton from having our telephone system.

VOTE EARLY IS SAGE ADVICE

Housewives, and others who are able to, are asked to vote early on Tuesday.

With a long ballot, and with many voters intending to exercise their franchise on election day, the whole 27 names, returning officers are fearful of a last minute clogging up the ballot boxes. Therefore, many people wait until the afternoon and evening to vote.

Remember, however, that fanatical followers of one of the parties in the field are preparing to get their supporters to the polls to challenge all voters in the evening hours, hoping by this way to stop the early voters. This will be unfavorable to them.

Returning officers are prepared to deal with the emergency, and returning of electors and extra returning officers will be on hand to facilitate the work of stopping the voting by this means.

But the main advice is **"GET YOUR VOTE IN EARLY."**

MARSHALL, JOHN CAMPBELL MacK.,

THE opening gun of the present provincial campaign found Alberta's Liberal leader where he has been for more than two years—travelling about the province, working hard for the success of candidates nominated in the various ridings. Tonight's meeting at the Empire will be his first appearance before his city constituents. Other city-provincial candidates are urging that their chief receive support at the hands of the electorate, and have appealed for this as the leader has faithfully followed the call of the larger, provincial issue. A number one vote for W. R. Howson is a spoke in the steering wheel handled by a helmsman who will guide Alberta into safe channels to the port of progress.

CITY CANDIDATE

VAN ALLEN, GEORGE HAROLD,
6388 Jasper Avenue, Edmonton.
Barrister.

Vote LIBERAL

Alberta requires a stable, progressive government of action!

Alberta must have a readjustment in the fields of taxation and a hundred and one problems that need the assistance and co-operation of the Dominion as well as all the other provinces.

Can Alberta afford to be out of step with all Canada?

Think it over!

GIANTS STEP FURTHER UP BY TRIUMPH

Increase Lead by a Half Game as Cardinals Idle Monday

NEW YORK, Aug. 20.—United States baseball players, who have been idle since they got started in the provincial playdowns . . . Last night the Cardinals, who had scored their second victory in two days over that town team, thus brought their record up to three of three series . . . Now they meet the Ike Davis, Westhaven Braves in the first of a four-game series in the province for the right to enter the playoff for the Alberta championship. The first game of this series has not yet been completed; it is likely that the first will be played on Saturday, Wetsaskiwin Friday and the second here Sunday . . . Ponoka, while the other half of the province, is in the playdown draw in the southern half.

John Ducey, the local umpire, is apparently no great favorite with Vegreville fans . . . They gave him his money back, though, on Sunday and, according to reports, followed up with a lot more in the form of a tip-off . . . That's a privilege the customers pay their good money for.

EDWARD J. NEIL, the Associated Press boxing writer, reported that the 1936 Olympic Max Baer is down-right serious over his bout next month with Detroit's Joe Louis . . . The young Joe Louis . . . In his mountain training camp high in the Rockies, he is working feverishly for the bout that is undoubtedly going to prove the most exciting of the year . . . He's determined to beat the youthful negro and will cockily enough say he'll do it in the right part . . . Now that's a broad statement, for even Maxie to make such a claim, the future of Louis is considered . . . Any fighter has to be very bold indeed to make such a claim, and the Brown Bomber gent may be angered suddenly when he meets the boxer who made the latter with what he had been a little less valuable.

One thing about Maxie's version is that it will help a lot in building up the hopes of the billion dollar gate . . . Folks will want to see the former boxer who is giving us such a state-of-the-art when he is given a chance.

Cubs Virtually Tied With Cards

PHILADELPHIA, Aug. 20.—Although they were held to five hits and blanked for the first seven innings, Chicago Cubs came through in the ninth to beat the Cards 3-1. Monday to go into a virtual tie for second place with the idle St. Louis Cardinals, who had been leading with a record of 71 triumphs and 47 defeats as compared to 67 and 43.

For six innings Joe Bowman held the Cubs hitless, but was drawn into trouble in the eighth. Sylvester Johnson was called to the rescue and Billy Herman greeted him with a hearty "Good job."

AMERICAN

DETROIT, Aug. 20.—Passed by the way, Canadian George Selkirk, left, has won his third straight of their runs. New York Yankees have known many, many years . . . The 1936 Olympic team Senior Baseball League not to operate, there has hardly been an American League team this week, and with both the provincial golf and tennis tournaments being held, there has been a noticeable lack of major sporting events in the city . . . It's just another "cycle year," that now comes along.

New York Giants took a break yesterday with St. Louis Cardinals not scheduled, their bushes over Cincinnati, Reds to gain a half-game on their rivals.

The New Yorkers need lead by their nose, though. Fellow-fighters, the Yankees, sliced off a full game of Detroit's lead in the race for the 7-5 win in the Motor City . . . Tigers, however, still have a seven-game edge.

A.A.U. President Wants States To Pass Up Olympics

NEW YORK, Aug. 20.—Judge Jeremiah T. Mahoney, president of the American Athletic Union, member of the United States Olympic committee, last night said it was his opinion that our country in Nazi Germany were radically changed at once, the United States should not send its athletes to the Olympic games in Berlin.

I regret to say, the judge said in making his statement, that proof seems to exist that the discriminations in Germany against Jews were so severe as to be used in such a manner as to justify a definite and positive decision by America to withdraw participation in the Olympic games in Berlin, inasmuch as the conditions are radically changed at once.

Egremont Defeats Radway Team, 7-6

RADWAY, Aug. 20.—Radway lost to Egremont, 7-6, in the ninth of 7-5 in a game played last Friday. Both teams played well, but the Egremont gives a decided edge in the play-off series.

AMERICAN

DETROIT, Aug. 20.—Passed by the way, Canadian George Selkirk, left, has won his third straight of their runs. New York Yankees have known many, many years . . . The 1936 Olympic team Senior Baseball League not to operate, there has hardly been an American League team this week, and with both the provincial golf and tennis tournaments being held, there has been a noticeable lack of major sporting events in the city . . . It's just another "cycle year," that now comes along.

New York Giants took a break yesterday with St. Louis Cardinals not scheduled, their bushes over Cincinnati, Reds to gain a half-game on their rivals.

The New Yorkers need lead by their nose, though. Fellow-fighters, the Yankees, sliced off a full game of Detroit's lead in the race for the 7-5 win in the Motor City . . . Tigers, however, still have a seven-game edge.

A.A.U. President Wants States To Pass Up Olympics

NEW YORK, Aug. 20.—Judge Jeremiah T. Mahoney, president of the American Athletic Union, member of the United States Olympic committee, last night said it was his opinion that our country in Nazi Germany were radically changed at once, the United States should not send its athletes to the Olympic games in Berlin.

I regret to say, the judge said in making his statement, that proof seems to exist that the discriminations in Germany against Jews were so severe as to be used in such a manner as to justify a definite and positive decision by America to withdraw participation in the Olympic games in Berlin, inasmuch as the conditions are radically changed at once.

Egremont Defeats Radway Team, 7-6

RADWAY, Aug. 20.—Radway lost to Egremont, 7-6, in the ninth of 7-5 in a game played last Friday. Both teams played well, but the Egremont gives a decided edge in the play-off series.

Grits Whip Arrows For One-Game Lead In Junior Ball Series

Defeat Bismarck by Margin of 5-3—Seek Second Triumph Friday

Its "tops" today for Army and Navy ball players in the national play-off rivalry against Arrow Bismarck. The Grits crew took one game from the Bismarckites, operator of a best-two-of-three series, having a 5-3 triumph yesterday at Bismarck. The date for the final, slated for Friday, may decide the opposition for Safeway's in the city championship. The Grits are closing in by one game as the result of capturing the league leadership this morning.

It was a close contest for the greater part, and only with Rusty Smith's brilliant fielding and hitting mates doing some good work, did the Grits manage to repel the Bismarckites.

Smith threatened the Grits margin near the last of the eighth inning, game once in the seventh and again in the eighth.

THREATEN GRITS

Two Arrow upshots threatened the Grits' chances of winning a wave of excitement over the crowd, but a double play in the seventh and another in the eighth nipped both attempted rallies.

Smith had home three of their five runs in the second inning on a three-hit assault upon pitcher Bill Brinkman, who had given the first Grits batsman to reach the initial sack in the second frame. He had a double play in the fifth and a triple put Wynn on first and advanced both runners.

Smith had a single, while Wynn had a double, and the Grits had a single in the fourth.

LYMBURN IS ATTACKED ON PAST RECORD

phone system thrown in with this bankrupt provincial system. This city has a right to expect better and better service from its electrical candidate.

"The same issue in this provincial election lies between Liberalism and Aberration," said Mr. Van der Velde, "U.F.A. Conservatives, while they are making pretentious bids for support by having a large number of men in the field, can not possibly elect more than a few members each."

The choice lies in either a vital force in Alberta which holds out hope for feasible future measures or in the Aberration which is becoming a rapidly rising force because the foundations upon which it is built are weak and fallacious.

The choice lies between the Liberals and a great national organization ready to accept the change of government which the Canadian Credit party, which is bound to bring about the complete re-organization of this province, if elected.

ISSUE RECOGNIZED

"This issue is now clearly recognized by the vast majority of the people and thousands of persons who normally have little political affiliation, are taking a stand on this issue."

An effort has been made lately to claim this issue is not the doctrine that Alberta must necessarily have in order to win the election.

"It suggests in place of a strong Liberal government for this province, a compromise between U.F.A.'s and Conservatives, which

means a union of Bennett's Progressive Party with Broome-Reid-Priestley-U.F.A.'s. Alberta has seen enough of Bennett Torism and the like to know that a union between these two normally antagonistic parties, would be worse than nothing. Alberta will never pull itself out of this hole by a compromise of this sort."

NEEDS STRONG GOVT.

"Alberta and me, and must have just one thing, and that is a strong new government. The leaders of the Canadian provinces, and to the great Liberal program for better government, are pledged to unite."

"The opportunity for a united Canada must not be lost. This talk made up of U.F.A.'s and Tories, is not good enough for Alberta. If the country is lost, reform may be delayed and Alberta sunk into chaos."

Jack Marshall was asked if he would be willing to extend his services to the public if the election was won. He is 70 years of age, has been in Alberta 14 years and been self-employed ever since. He is the person also being of British origin.

LAWYER DIVIDED

In answer Mr. Marshall said that he had no objection to the idea, the allowances should not be called old age pensions, but "allowing dividends" is another story. He is 70 years of age as something they have earned for their work in building up the province and deserves to make way for the younger man.

"He will have to be drastic changes to make the act more adequate, and this is what I believe the government should do, and then let the legislature work together," he said.

"As for the reduction, in the next 10 years we have to come to the country to entitle them to a pension, it must be remembered that there is to be a date and when the act was first introduced

to this issue, he who wrote the doctrine that Alberta must necessarily have in order to win the election.

This is the truth.

"It suggests in place of a strong Liberal government for this province, a compromise between U.F.A.'s and Conservatives, which

is not good enough for Alberta."

Personalty, Mr. Marshall declared that this question must be made in the matter when changes are made in the act.

FAIR-MINDEDNESS

Mrs. Marion Conroy asserted that the Fair-Mindedness bill was a reasonably good measure, always under a Liberal government.

"It was a good measure which extended to the workers what had been done for the nation as well as internal improvements. It was a good drive to capture the Sydney Handicap, feature event on the racing track at Brighton Park Monday. Salesmen was third.

E. Woolman was chairman of the meeting.

Well, she had told him, she remembered him with a little pang of regret, that he had no right to come back to the tennis court again. She knew well enough, too, that the presence of Babes Montgomery was likely to make trouble.

"He had not seen her yet, except at a tennis court, and the Montgomerys were the only ones of the club who had come to the court after one of the cottages now for several days. That had indeed worried Mrs. Marsh and Jo, but they knew Babes would have plenty to say to the old lady about her."

Babs had been scheduled for the next Friday night — beginning a 10-day hand and band period — to help out, so she would certainly have to meet Babs Montgomery.

"The tennis court before the dance was the scene of Miss Davies' first like this. She's supposed to look out for all the guests."

"She'll be here, Todd," said Miss Davies, "but I don't think you pay her. Doug," the aviator laughed, "but you can charge her salary to me if I pay her."

When the aviator had gone on to his cottage, Marsh said, "Fragnet and his wife are coming in on the airship, and I expect they will be staying with us. Well, I'm going to greet them with a grin."

"Look here, Todd," he said, "you know Miss Davies' first like this. She's supposed to look out for all the guests."

"She'll be here, Todd," said Miss Davies, "but I don't think you pay her. Doug," the aviator laughed, "but you can charge her salary to me if I pay her."

When the aviator had gone on to his cottage, Marsh said, "Fragnet and his wife are coming in on the airship, and I expect they will be staying with us. Well, I'm going to greet them with a grin."

"I hurried to her room, and when I saw her I took a deep breath. I was afraid she'd be like one of the bright prints she had found at Lystenk, and met Marsh again. I was still climbing into his car when she caught sight of Babs Montgomery. Babs was watching her through a haze of cigarette smoke when I stopped the car and said, "Marsh, I'm afraid I'm disturbing you. I want to see you later, Babs. I've been meaning to have you up."

"Well, I'm afraid," said Marsh, "I'm disturbed the greeting, but I'm afraid I'm disturbing you. I want to see you later, Babs. I've been meaning to have you up."

"I'm not true. I think she did like me, and I'm afraid I'm disturbing you. I want to see you later, Babs. I've been meaning to have you up."
